

Correspondence on Draft Plan Bay Area 2050 Amendment

Comment:

As a community advocate for the Sonoma-Marín Area Rail Transit I urge the MTC to adapt the amendment to: Plan Bay Area 2050 to include Healdsburg Station. With SMART's growing ridership, surpassing all other transit post-covid, in the Bay Area, they are poised to increase ridership even more with the opening of North Petaluma Station and Windsor. Thank you, Dani Sheehan-Meyer Sebastopol, CA 95472
