

## Correspondence on Draft Plan Bay Area 2050 Amendment

**Name:** L. Diane Bartleson

**Date Received:** 9/11/24

**Comment:**

Mr. Pedroza,

I urge you to rectify your mistake of turning your back on the residents of Cloverdale who NEED the Smart Train to ensure our economic future. The good tax paying citizens here respectfully request an explanation of exactly why we have been paying taxes toward this promised benefit. If you renege on your promise, we will insist on remuneration for taxes paid and compensation for future lost benefit.

We already have a train depot and exiting rail track.

Thank you for your immediate action to rectify your committee's lack of commitment to promises already made to the 8500 citizens of the community of Cloverdale.

Regards,  
Diane Bartleson
